Discharge Permit No. UGW350006

Dear Mr. Van Dyken:

Attached, please find the draft permit and statement of basis for the revised ground water discharge permit for the Kennecott Large Reservoir as modified from Kennecott's comments received March 22, 1995.

The public notice period for this draft permit started March 26, 1995 and will end April 25, 1995. Attached is a copy of the notice that appeared in the Salt Lake Tribune and Deseret News on March 26, 1995. Following the end of the public comment period, we will evaluate the comments received and make a determination if a final permit can be issued or if modifications will be needed. If no substantive comments are received, a final permit could be issued by the end of April.
